BLUECOL AA AND INHIBITOR SQ 36

Part No.	Model	Description
AKF 1543 AKF 1484 AKF 1485 AKF 1544	} Vanden Plas Princess 4-litre R	Bluecol AA (Pint) (0.57 litre)
		Bluecol AA (Quart) (1.14 litres)
		Bluecol AA (Gallon) (4.44 litres)
		Bluecol AA (5 gallon drum) (22.75 litres)
AKF 1478 AKF 1489	} Vanden Plas Princess 4-litre R	Inhibitor Coolant SQ 36 (8 fluid oz.) (0.23 litre)
		Inhibitor Coolant SQ 36 (1 pint) (0.57 litre)

NOTE: The aluminium engine of the Vanden Plas 4-litre R requires an inhibitor or additive to prevent corrosion in the cooling system.

For countries requiring an anti-freeze at some time during the year, Bluecol AA to British Standard Specification BS3150 or equivalent if not available, must be used in the aluminium engine of the Vanden Plas 4-litre R.

Ordinary Bluecol must not be used.

For those countries where anti-freeze is not required, Inhibitor SQ 36 must be used permanently in the cooling system.

Inhibitor Coolant SQ 36 is not available on the home market.

For retail prices please see the current Numerical Price List at the back of the book.

Made in good quality rubber, size 19½" × 13½" in a brush pile pattern.

For list prices and discount codes please see the current Numerical Price List at the back of the book.

Publicity Material Available:

Detailed in individual Model Accessory Brochures

A modern vehicle being treated with B.M.C. Underbody Seal. Underbody Seal is the finest rust preventative and is easy for the operator to handle. Areas recommended for treatment include underbody chassis, underside of wings, inside door panels, and battery boxes.

Both water-based and spirit-based B.M.C. Underbody Seal are available according to choice.

The sealing is lightweight and permanent, as waterproof as pure rubber, and constitutes a positive repellent to salt and water action. It is also an ideal sound-absorbing agent.

UNDERBODY SEAL

Part No.	Description
37H 9559	Underbody Seal, 28 lb. keg, Water Based ...
37H 9857	Underbody Seal, 56 lb. keg, Water Based ...
97H 2554	Underbody Seal Cleaning Solvent, 1 gallon can ...
97H 2555	Underbody Seal Solvent, 5 gallon drum ...
AKF 1022	Spirit Based Underbody Seal, 28 lb. ...
AKF 1023	Spirit Based Underbody Seal, 56 lb. ...

B.M.C. Underbody Seal Spraying Equipment comprises a 2½-gallon bottom outlet pressure feed container with quickly removable head secured by swing bolts and fitted with two pressure regulators. The spray gun is of the internal mix type using approximately 8 c.f.m. It has ½-in. bore air/material nozzles with mushroom-type needle valves and is supplied with lightweight feed hose. Any existing equipment may also be used.

For list prices and discount codes please see the current Numerical Price List at the back of the book.

Important Notes:

- (1) Please refer to B.M.C. Service Ltd. all enquiries regarding application equipment.
- (2) Details of Suggested Charges (Retail) are available upon request.
- (3) Underbody Seal Solvent is intended for use purely as a cleaning agent.
