SWITCHES AND SWITCH PANELS

Part No.	Description
AKF 1056	Panel with two toggle switches, plug and socket
AKF 1057	Panel with three toggle switches, indicator light, plug and socket
AKF 1219	Toggle switch for switch panel
AKF 1220	Plug for switch panel
97H 2792	Illuminating switch (for Reversing Lamps)
AVH 6	Illuminating switch (for Electrically Heated Backlights)
5L 193	Lamp Toggle switch
13H 1909	Toggle switch
3H 1883	Lamp Push-pull switch
57H 5305	Knob
57H 5255	Two-Pin Socket
13H 1803	Switch for Reversing Lamp (Automatic Gear-lever Operated)—1100 and Mini ranges
13H 2154	Switch for Reversing Lamp (Automatic Gear-lever Operated)—Morris Oxford, A60 Series VI, and A110
2K 794	Washer for 13H 1803
22G 351	Plunger for 13H 1803

The smaller switch panel is designed for the fitment of essential accessories such as fog and driving lamps. The addition of the indicator light on the larger model makes it suitable for operating a reversing lamp.

N.B. If a reversing lamp is not operated automatically by a gearbox switch, the motorist is legally required to have an illuminating switch fitted where it can be clearly seen.

For Reversing Lamps, please see page E4, Fog and Driving Lamps pages E1-2 and Parking Lamps page E3.
